Subject Access Policy

This policy had been created in order to comply with the new General Data Protection Regulations (GDPR) which come into force on 25th May 2018 and supersedes the existing Data Protection Act 1998.

Data subjects have the right to access personal data held on them by Broadwas and Cotheridge Parish Council (BCPC). Details are set out in the Privacy Notice on the Council's website.

This policy is in place to ensure that internal procedures on handling of Subject Access Requests (SARs) are accurate and complied with and includes:

- (1) Responsibilities (who, what)
- (2) Timing
- (3) Changes to data
- (4) Handling requests for rectification, erasure or restriction of processing.

BCPC will ensure that personal data is easily accessible at all times in order to ensure a timely response to SARs and that personal data on specific data subjects can be easily filtered.

BCPC has implemented standards on responding to SARs.

Upon receipt of a SAR

- (a) The data subject will be informed who at BCPC to contact, the Data Controller.
- (b) The identity of the data subject will be verified and if needed, any further evidence on the identity of the data subject may be requested.
- (c) The access request will be verified; is it sufficiently substantiated? Is it clear to the data controller what personal data is requested? If not additional information will be requested.
- (d) Requests will be verified as to them being unfounded or excessive (in particular because of their repetitive character); if so, APC may refuse to act on the request or charge a reasonable fee.
- (e) Receipt of the SAR will be promptly acknowledged and the data subject will be informed of any costs involved in the processing of the SAR.
- (f) Whether APC processes the data requested will be verified. If BCPC does not process any data, the data subject will be informed accordingly. At all times the internal SAR policy will be followed and progress may be monitored.
- (g) Data will not be changed as a result of the SAR. Routine changes as part of the processing activities concerned may be permitted.
- (h) The data requested will be verified to establish if it involves data on other data subjects. This data will be filtered before the requested data is supplied to the data subject; if data cannot be filtered, other data subjects will be contacted to give consent to the supply of their data as part of the SAR.

Responding to a SAR

- (i) BCPC will respond to a SAR within one month after receipt of the request:
 - (i) If more time is needed to respond to complex requests, an extension of another two months is permissible, and this will be communicated to the data subject in a timely manner within the first month;

- (ii) if BCPC cannot provide the information requested, it will inform the data subject on this decision without delay and at the latest within one month of receipt of the request.
- (j) If a SAR is submitted in electronic form, any personal data will be preferably provided by electronic means as well.
- (k) If data on the data subject is processed, BCPC will ensure as a minimum the following information in the SAR response:
 - (i) the purposes of the processing;
 - (ii) the categories of personal data concerned;
 - (iii) the recipients or categories of recipients to whom personal data has been or will be disclosed, in particular in third countries or international organisations, including any appropriate safeguards for transfer of data, such as Binding Corporate Rules or EU model clauses
 - (iv) where possible, the envisaged period for which personal data will be stored, or, if not possible, the criteria used to determine that period;
 - (v) the existence of the right to request rectification or erasure of personal data or restriction of processing of personal data concerning the data subject or to object to such processing;
 - (vi) the right to lodge a complaint with the Information Commissioners Office (“ICO”);
 - (vii) if the data has not been collected from the data subject: the source of such data;
 - (viii) the existence of any automated decision-making, including profiling and any meaningful information about the logic involved, as well as the significance and the envisaged consequences of such processing for the data subject.
- (l) Provide a copy of the personal data undergoing processing.
